**David Osgood**

Hello All,

Yesterday Ellen and I decided to take a ride (call it a cruise) to Lake Winnepesaukee and drive the route we normally take to the Castle in the Clouds. This is Route 28 from Hooksett up through Pembroke, Epsom, Pittsfield, Alton and finally to Wolfeboro. By the way, the summer construction has been completed. The weather was perfect, sunny with blue skies. This was supposed to be the weekend for the Wolfeboro Winter Carnival. Apparently no one got the memo. It was a very quiet Wolfeboro center. Many of the stores were closed and some are just GONE. Off to Alton Bay. What a difference. The Ice Runway is officially open and planes were landing and taking off. The parking lot was full of visitors and snowmobiles were everywhere.

Continued on page 3

Gate City Corvette Club is one of the hundreds of Corvette clubs throughout the United States and Canada. The purpose of GCCC is to make being a Corvette owner more fun. GCCC meets at 7:00 pm the second Friday of the month at MacMulkin Chevrolet, 3 Marmon Drive, Nashua, New Hampshire.

We decided to have lunch at Shibleys at the Pier right on the water (ice). This in my years of staying in Alton Bay used to be Madelaine's Victoria Pier which was a breakfast, lunch and gift shop. I was very happy to see that they saved many of the old photos from years gone by. Someone saved a patch from the Alton Bay Water Ski Club where I was show director once upon a time. My father and neighbor Mr. Reid would get up early every Saturday morning to have their coffee with the locals.

We then left the bay and ventured up Route 11 toward Gilford, taking some of the old Route 11 to get there. At Gilford we took a right past what used to be the Lakes Region Theatre to the Weirs. At the circle we headed straight and ended up in Meredith. This happens to my daughter's middle name because we love this beautiful lakeside community. I have to tell you this was a fabulous day and I always feel the stress and anxiety of the day go away every time I visit the Lake.

Now perhaps we can discuss a little of the business at hand. Gate City Corvette Club met on Friday, February 12th for its second Zoom meeting of the year. All members of the board were present and accounted for. Luckily for us, we also had Ruth Wintle joining in all the way from Florida. It was suggested that perhaps we hold next month's meeting at a location near Ruth in Florida.

Good news from Tom Stewart as he is receiving new membership applications. Brent Aucoin is keeping up with club news around New England. Norm Wood is mapping out routes for our covered bridge cruises for this year. Dean Gagne has been communicating with Anheuser-Busch regarding their plans for outdoor events for 2021. As it looks right now Spring Fling will be a nonevent for 2021. Fortunately we have a balance in our account which allows us to keep up our donations to the charities we all support.

Take a look at our new website! Thanks to our technical team we are in a much better position to catch the attention of new prospective members. My goal, our goal, hopefully is to become one of the most recognized Corvette Cubs in America. It's not about how big you are, it's about quality. I believe the quality of our membership is the best. Our team of directors is all about getting that message out. Now we have the tools and people to get the job done. Thank you!

## Activities Corner

Well, February is coming to an end and March is just around the corner which means warmer weather and warmer weather means getting the Corvettes out of storage. I'm definitely looking forward to that day!

I got my 1st Covid vaccine in the beginning of February; however my computer wasn't as fortunate this month. Middle of February we had a power surge and my computer went down. A friend came over and we got it back on line but I lost my most recent contact list for emails. In addition, I lost Windows 10 and my Office program and files. We got Windows 10 back up but I had to buy a new Office program. We also managed to find an older contact list. While working on all that stuff and getting things back to normal, my cell phone decided to "lock up" and I could not access it. I went through the motions with Verizon Wireless who turned it over to Motorola (manufacturer of my phone). Motorola ended up wiping the phone clean and then tried to bring it back on line. Guess what, the phone would not synch with Google. Motorola will repair or replace it for a fee because it is 4 years old, but that could take another 7-10 days. Guess it's time to get a new phone.

On another front more in line with the Club, Susan & I took our 4<sup>th</sup> field trip looking at "covered bridges" in our state. We are previewing bridges for accessibility, parking availability, and road conditions (dirt vs paved). We are also considering which routes would be most enjoyable. So far, we have visited 20 covered bridges in all! We plan to continue investigating more bridges and routes before warm weather arrives, then we will get a committee together and plan a couple of road trips for the club.

As more vaccines arrive and are administered to people in our state, it looks like the spread of the virus is slowing down. "Maybe" as warm weather approaches, we might be able to have an outdoor club meeting during the day to get us all back together. Only time will be the judge. Meanwhile we will continue "Zoom" monthly business meetings along with "Zoom" social meetings in between. If you want to attend these virtual meetings but don't know how or have difficulties getting on, please contact Dave Hill or Larry Shields. They can talk you through the steps. Hope to see you at the next "Zoom" meeting.

**President:** David Osgood began the February 12, 2021 virtual meeting at 7:00 pm. He asked the board members to present their monthly updates.

**Membership Director:** Tom Stewart reported that he has been in contact with the Corvette owner (1998 Sebring Silver coupe) we met at Auto Zone the morning of Dan Z's birthday drive-in. Tom will keep in contact with him and let him know when we resume in-person meetings.

**Secretary:** Allie DeCampo stated that the January secretary's report was included in the most recent newsletter. A motion was made and the secretary's report was accepted. Allie thanked everyone who contributed articles and photos for the newsletter.

**Treasurer:** Dean Gagne reviewed the updated treasurer's report. A motion was made and the treasurer's report was accepted. Dean said that the majority of members have sent in their annual dues payments. He reviewed the up-to-date member list. Please reach out to Dean if you are a current member and have not yet sent your payment and wish to renew. His phone number and email address can be found on page 3 of this newsletter.

**Officer at Large:** Brent AuCoin said he is working on a list of events and reaching out to other clubs for news about their events. Most clubs are still unwilling to commit to dates for obvious reasons. The president of CCRI is working on coordinating a virtual "Calendar of Events" meeting. Brent will keep the membership informed as updates become available.

**Vice President/Activities Director:** Norm and Sue are actively researching driving destinations. They have taken day trips in search of New Hampshire covered bridges. Norm also suggested a dinner cruise on Lake Sunapee. (Please see Norm's article on page 16.)

Ruth mentioned the club will be celebrating its 50<sup>th</sup> anniversary in 2025. She said she has some items of interest and will be happy to forward. Since we did not have a 45<sup>th</sup> anniversary celebration due to Covid we can at least begin to set our sights on the 50<sup>th</sup>.

Dave Osgood thanked Larry Shields, Dave Hill and Tom Stewart for the work they did to get our new website up and running. Also, thanks to Dave Hill for gathering a complete history of Spring Fling dash plaques that can be viewed on the website.

Dave Osgood suggested a review of the by-laws. For example, updates to the bylaws may be necessary to reflect operational changes due to newer technology.

The next Zoom social (game night) will be on Thursday, February 25th at 7:30. Please note the day of the February social was changed from Wednesday to Thursday. Norm has offered to donate prizes for the lucky winners this month. Last month's winners received wine donated and delivered by Tom Stewart.

David adjourned the meeting at 8:20 pm.

## SPRING FLING UPDATE

Hello Members,

I wanted to give you an update for Spring Fling 2021 and future Spring Flings. I was informed that Anhesuer-Busch is currently in the planning phase of repurposing the existing facilities. They may be targeting corporate events and private functions. They are currently closed until further notice.

It has been a great run of having car shows at Anheuser-Busch. We started with our 15th annual Spring Fling back in 1995 and we have had 25 consecutive, successful shows. They have been a great host and always a draw for our cars and spectators. I would estimate that with the help of a great facility to host our car show, all of the hard work from our members, and the awesome Corvette owners who showed up year after year, we have been able to donate more than \$25,000 to charities.

Needless to say, this year's Spring Fling is canceled. Going forward, we should start looking for a venue that can host our show. We would need access to enough room to hold 150+ show cars, 50 club cars, and 200+ spectator cars. We would also need room for vendors, room for a DJ, electricity for our DJ, water, rest rooms, etc. If anyone has any ideas and contacts, please reach out to me.

Thanks,

Dean Gagne  
Spring Fling Coordinator

## **That Poor Vette**

This Elkhart Lake Blue pile of scrap was a 2020 Corvette in recent history. The new C8s restrict the power & torque available for the first 500 miles you drive the car – then once you turn the car off and back on, all the magic that engine can bring to bear is yours to command. While it might be tempting to go crazy – this might be a good reason to exercise some caution. At just 532 miles of use, this poor Vette was in a horrible wreck at 115 mph. Once again a huge tip of the hat to Tadge & the engineers who designed this beast of a car to not just be fast and look amazing... but also be as safe as they come. Both passengers survived the crash... and with just a bit of work the auction company got the engine to actually turnover and start up!

# THE MYSTERY SOLVED!

Last fall, Dave and Deb Hill noticed a unique sight while enjoying a drive in southwest New Hampshire. Dave provided photos for the November issue of *Stress Cracks* of what appeared to be a castle gate and a gigantic trebuchet. What was this and why was it there??? Well, thanks to Norm and Sue Wood's research, we now have the scoop on this roadside curiosity.

“What looks to be some kind of medieval war weapon is actually much more delightful than that. The trebuchet was created by a local farmer who wanted to bring more traffic to his farm and market. The trebuchet was built to toss pumpkins grown on the farm for distances as far as a few thousand feet! The idea was to create a spectacle that would draw people from near and far and that's exactly what it did!

Today the trebuchet is a bit rusty and old. It's not throwing any pumpkins, but it's still exciting to see. In fact, each season the attraction draws crowds who love visiting and walking along the compound that's been created to fit with the theme. The next time you're in the area take a loop and imagine a giant pumpkin flying through the air. Perhaps you can even picture the 2,835-foot toss that still holds the record for furthest pumpkin throw!

The Yankee Siege Trebuchet can be seen from 171 Forest Road which is about three miles from the center of Greenfield. While visiting is off-limits in the winter there are lots to see when you visit in spring, summer, and fall. You can take a look from the road year-round. During the season you can reach the office on 603-547-6421.”

# GATE CITY WEBSITE UPDATES

**Dave Hill, IT Director**

We have been busy improving and adding content to the website. When you browse to <http://www.gatecitycorvetteclub.com> you will see this page which is the home page:

There are three main links on this page:

1. Event Calendar – this is where you will find events for our club, but also for other clubs and organizations around New England that are hosting events. The events are added to the calendar by our At-Large Director. The calendar can be accessed by clicking on the Event Calendar link or by typing this into your browser address

bar: <http://www.gatecitycorvetteclub.com/events>. See the Event Calendar section below for more details.

2. Facebook Page – this is where you will find the club’s presence on Facebook. This too can be accessed directly at: <https://www.facebook.com/GateCityCorvetteClub/>
3. Member Content – this is where you will find the Roster of current members, the treasurer’s report, and the club by-laws. See the Member Content section below for more details.

## Event Calendar

The screenshot shows the Gate City Corvette Club website. The header features a navigation menu with links: Home, About, GCCC News, Membership Information, Spring Fling, Newsletters, and Contact. Below the header is a search bar with the placeholder text "Search for events" and a "Find Events" button. To the right of the search bar are tabs for "List", "Month", and "Day". The calendar is set to February 2021. The days of the week are listed at the top: MON, TUE, WED, THU, FRI, SAT, SUN. The calendar grid shows the following events:

| MON | TUE | WED | THU | FRI  | SAT | SUN |
|-----|-----|-----|-----|--|-----|-----|
| 1   | 2   | 3   | 4   | 5  | 6   | 7   |
| 8   | 9   | 10  | 11  | 12<br>7:00 pm - 8:00 pm<br>GCCC February<br>Business Meeting | 13  | 14  |
| 15  | 16  | 17  | 18  | 19   | 20  | 21  |

Events are created and then displayed on the calendar page. Each event is a clickable link to more content. Some of the functions you can do with the calendar are:

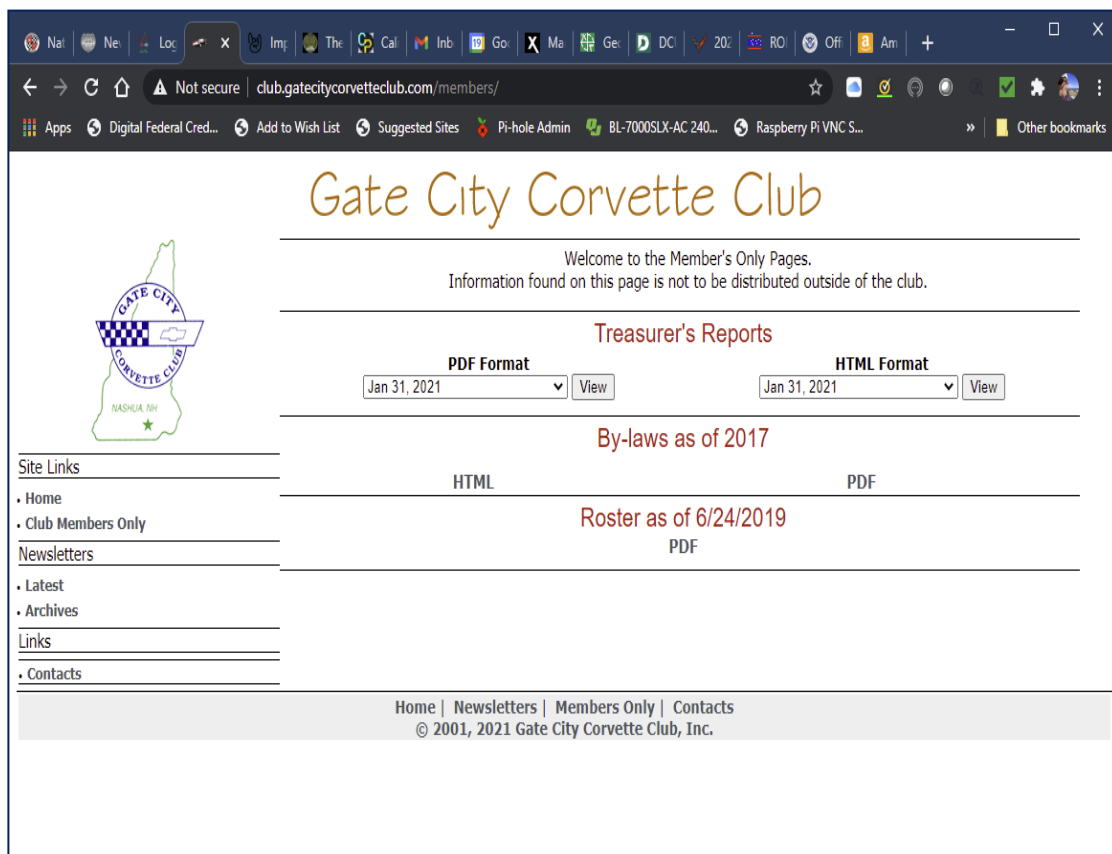

1. Search for an event by entering keywords and clicking the “Find Events” button.

2. By default, events are displayed in a **Month** view. But you can change it to a **List** of events or to events by a **Day** using the links to the right of the “Find Events” button.
3. You can move forward in time by clicking “>”
4. If you want to see what is happening in a specific month, click the “v” next to the month and year. This will display a selection of months for you to choose from; you can even change the year. Once your selections have been made an updated calendar is displayed.

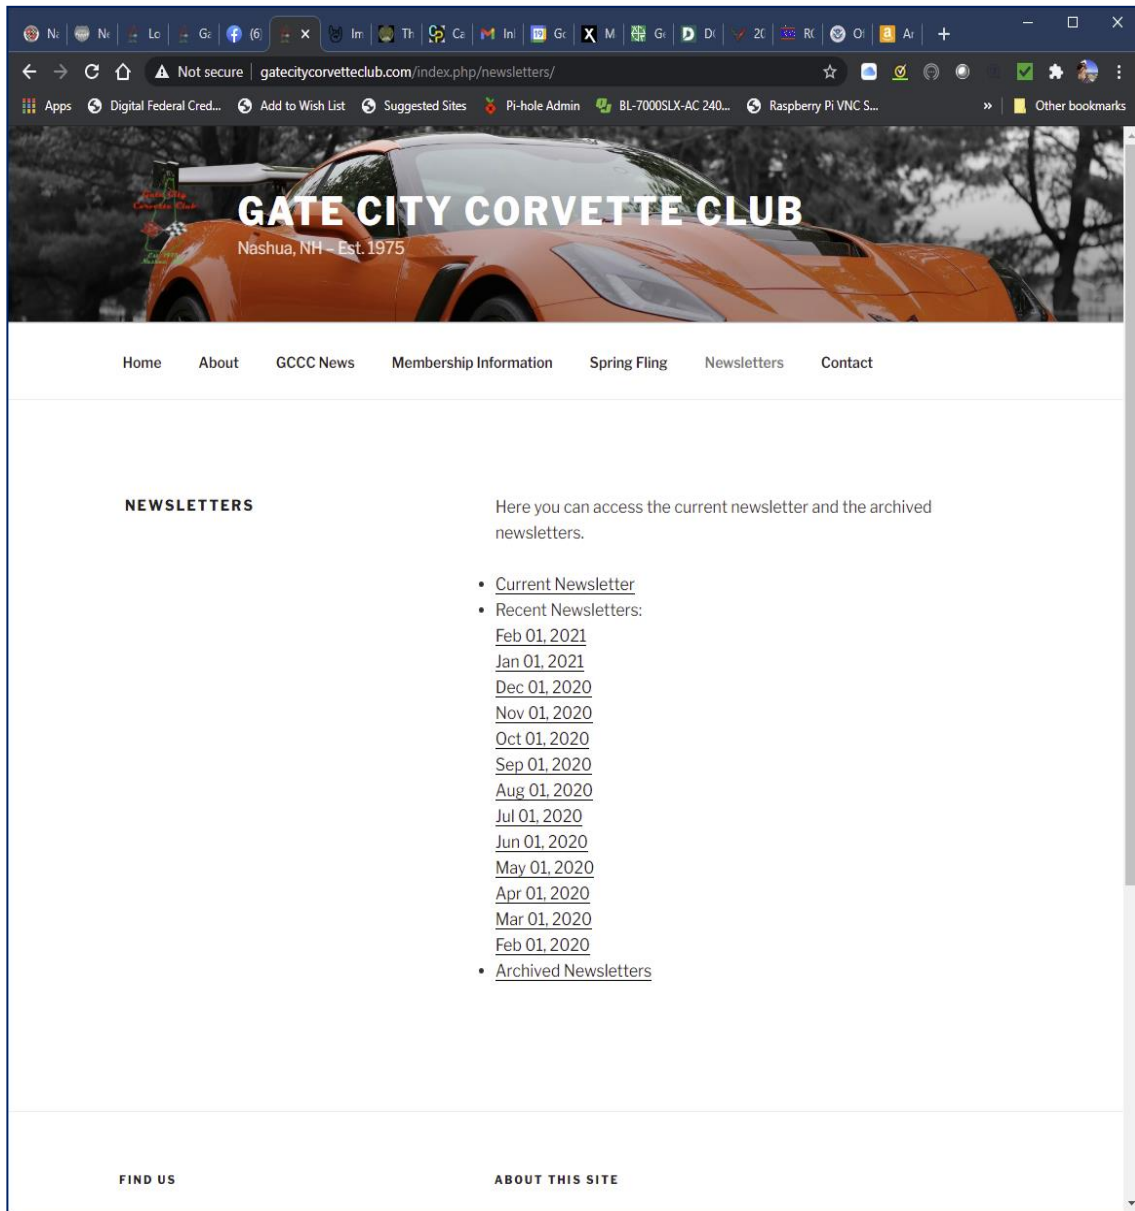

## Member Content

All members in good standing, meaning that you have paid your dues for the current year, will have access to this content. The password can be provided by any member of the board.

## Newsletters

By clicking on Newsletters in the menu, you will be taken to a page where you can view present and past newsletters. Just click the link for the newsletter you want to see, and it will be displayed.

In future articles I will cover other parts of the website and any changes we make to it.

# Dinner Cruise on Lake Sunapee

Norm & Sue Wood

Sue and I were surprised to read in the February 7, 2021 issue of the Manchester Union Leader about the retiring of the MV Kearsarge on Lake Sunapee. This dinner cruise is dear to our hearts. Our late friend Rich often arranged for us to go on the cruise. As wine distributor for the Appleseed Restaurant, caterer of the dinner, Rich would set up a wine tasting whenever he was on the boat. As a result, we were able to introduce this experience to many of our friends and club members over the years. We enjoyed a fun evening on the quaint old boat with good parking for the Vettes nearby. Now the MV Kearsarge is retiring to be replaced by a Mississippi River boat that is being refurbished to look like an old-fashioned steamboat.

We are hoping that more club members will be interested in joining us this year. We typically prefer late summer so we can view the sunset. The new boat's remodeling and transformation progress can be followed on social media. We've included some history of the dinner cruise as well as the social media links below.

"The MV Kearsarge Restaurant Ship has been sailing the waters of Lake Sunapee for over 30 years and is a replica of a steamship called the Sunapee Belle. The nightly dinner cruise lasts 2 hours and is narrated by one of our Captains, all of whom are extremely knowledgeable about the history and lore of Lake Sunapee and surrounding area. The MV Kearsarge features two decks of enclosed dining and an open-air walkway around the top deck. Take your pick of location to sip on a refreshing cocktail as you cruise out of Sunapee Harbor, taking in the

beautiful New Hampshire scenery. As you dine on a delicious buffet dinner, you will learn about the sites and history of the lake. If nature cooperates, you may even see one of our phenomenal sunsets. Whether you are looking for a unique evening out, celebrating something special, or returning to the lake year after year, it's truly a magnificent experience. The dinner cruise leaves at 6:30 pm from Memorial Day to Labor Day and at 5:30 after Labor Day. The cruise provides for great photo opportunities with amazing sunsets, lighthouses and mountain views. You may want to bring a light jacket or sweater aboard the cruise as it is sometimes breezy on the lake."
