David Osgood

Hello Members,

July is upon us and we are open for business! This year is a great time to own a Corvette since we can travel wherever we want again.

I was lucky enough to join that dedicated group from our club that goes to Bar Harbor every year. Although this year's gathering was not an organized Vettes of Coastal Maine event, the tradition carried on with everyone staying at the usual hotels, the Blue Nose Inn and Wonderview Inn overlooking the ocean. We started our trip at 10:00 am and arrived in Bar Harbor at 4:00 pm, no rush and taking back roads after Freeport.

We had five cars total and a group that just enjoys each other's company. Ellen and I were the newbies having never been to Bar Harbor so every minute for us was a new adventure. Acadia National Park is right there and let me tell you so was the rest of the world...people are out and traveling from all over the USA and abroad. Driving through the park was a blast.

There was one organized event and that was for all the Corvette owners to display their cars on the baseball field from 9:00 am -11:00 am. After that we caravanned with 40 Corvettes through Acadia National Park to lunch at Northeast Harbor.

My thanks go to our companions Norm and Sue, Larry and Ingrid, Larry and Heather and Brad and Linda. By the way, Norm was the hit of the car show with his C8. People were surrounding that car as soon as he arrived at the field.

Our first official GCCC in-person business meeting was Thursday, June 10th at MacMukin Chevrolet. We had a great turnout! What a pleasure it was to see everyone as well as all of our Corvettes surrounding the building again. After the meeting, dinner was at Bahama Breeze where we all enjoyed Caribbean style drinks and menu selections.

Continued on page 3

Gate City Corvette Club is one of the hundreds of Corvette clubs throughout the United States and Canada. The purpose of GCCC is to make being a Corvette owner more fun. GCCC meets at 7:00 pm the second Thursday of the month at MacMulkin Chevrolet, 3 Marmon Drive, Nashua, New Hampshire.

The club has some really fun events planned this season with a little variety for everyone so please take a look at our calendar. Also, please note that the Annual Summer Picnic is on July 24<sup>th</sup> at the home of Brad and Linda in Alton, NH. (Please see flyer on page 5.)

Best,

*David Osgood*

President

## **Annual Picnic**

for members and their families

**Saturday, July 24, 2021**

(Rain Date: Sunday, July 25<sup>th</sup> Rain or Shine)

11:00 am – 5:00 pm

Location: Brad & Linda's Home  
Alton, New Hampshire

## **Games and More...**

Please bring lawn chairs and beverages.

Club provides burgers & hot dogs  
along with any sides members would like to share.

Please contact:

Norm & Susan Wood (603) 759-2595 or [woodnorman@comcast.net](mailto:woodnorman@comcast.net)

Refer to future email notifications for Brad & Linda's address

## Activities Corner

Well summer is here and our Club has had several successful cruises so far. Two Covered Bridge Tours, Bar Harbor Weekend, cruise to Kimball's in Jaffrey, cruise to Alamo's Restaurant in Brookline, plus several local weekly cruises to Target's, North Side Grill, Murphy's Taproom and Candia, N.H. Our activities committee meets monthly to come up with new events.

Our next big club event is the **Annual Club Picnic** on July 24<sup>th</sup> hosted this year by Brad & Linda Davis at their home in Alton, NH. This is an event open to all club members and their families. If you would like to caravan with the club, we plan to meet at about 10 AM at Bonsai's Restaurant off exit 1 on Rte. 101 in East Manchester. From there we will go up Route 28 (back roads) to Alton. The Club will be serving hamburgers and hot dogs (with bacon)! We will be starting a list for extra's (side dishes or desserts) that club members wish to bring. This will probably be more of a banquet than a picnic as members are always very generous with what they provide to share. Also, please don't forget to bring your lawn chairs and beverages for the day.

We are also planning a very important event for Sunday, August 8<sup>th</sup>: **A Corvette Drive-by for the Veterans at the New Hampshire Veterans Home in Tilton, NH.** As you know, last year was a devastating year for the Veterans Home and, therefore, many of the Covid policies are still in place. As a result, the home does not allow us to visit but they are excited about a Corvette Drive-by. We are planning to caravan to the Veterans Home and arrive for 10:00 am. It is early in the morning but the staff wanted to bring the residents outside under the pavilion while the temperature is still cool. We will then plan to do 2 laps around the home. It was suggested that we display some flags on our cars if possible, wear patriotic colors, play patriotic music, and shout out words of gratitude for their service to our country. We were told this helps to energize the Veterans. Afterwards, we plan to continue on for an early lunch in Meredith by the lake. In the event of rain we would need to reschedule, but hopefully we'll have a nice sunny day for the Veterans to enjoy our Corvettes. We hope to have a good turnout for this event so please mark your calendar and watch for more details to come. (Please see flyer on page 9.)

Another big event happening in August is **Corvettes at Carlisle** in Carlisle, PA. If you have never been it is worth the trip. It is a 3-day event and one of the largest Corvette shows in the United States. Also, you would need to make reservations now! You can't wait to the last minute as you will not find a room nearby. We still have a few rooms set aside for club members in Mechanicsburg, PA so send me an email soon and I can forward the information to you.

Covid-19 restrictions are lessening, allowing for normal things to happen. July and August activities are still being planned, so if you have ideas for a cruises or activities please send to me or Brent and we

can see about scheduling it with our club. Norm Wood: [woodnorman@comcast.net](mailto:woodnorman@comcast.net) or Brent AuCoin: [woodboundview1@msn.com](mailto:woodboundview1@msn.com)

Just a reminder we have moved the club meetings to Thursday night at MacMulkin Chevrolet in the conference room on the second floor. Our next meeting is on July 8<sup>th</sup>. Hope to see you there!

*Norm Wood,*

Vice President

## **That Poor Vette**

This poor 62 red, fuelie, convertible had a far too exciting cruise along the A1 highway near the Apeloorn-Zuid area of the Netherlands. While humming along the road, something caused the car to swerve off the road leaving quite the track down the embankment and rolling over once. Thankfully it must not have landed on its top too badly, since the windshield frame and glass is still intact. There was some notable body damage where it flipped & landed though, so This Poor Vette will likely be spending a little time with a mechanic to get it road-worthy again.

Time: 9:00 for 9:15 departure**

**After leaving the Veterans Home:  
Cruise to the lake for an early lunch in Meredith**

**Please watch for more details forthcoming**

**President:** The June 10, 2021 Gate City Corvette Club meeting was held at MacMulkin Chevrolet in Nashua. Most of us arrived at 6:30 to socialize a bit before the meeting. (There was an unusual amount of open space in the showroom!) David began the meeting with approximately 32 members in attendance. He first took a count for dinner and about two thirds of those in attendance decided to gather at Bahama Breeze afterwards.

David said the board has been meeting frequently to advance the club this year after the 2020 hiatus. Tom and Brent are new to the board this year. Norm, Allie and Dean have all served on the board in the past. Larry S. and Dave H. have also joined the board in appointed positions to maintain our website and social media presence.

Tom discovered that some members do not seem to be noticing all the club emails regarding meeting dates and information. Gerri suggested that the email subject line be more specific to draw attention.

**Secretary:** Allie thanked members for their contributions to the newsletter and asked that everyone send photos and write-ups after attending any type of Corvette activities or events. Also, please send anything else that you feel would be of interest to the club. Your input provides us with ideas and information that can be of benefit to all.

**Membership Director:** Tom Stewart welcomed Butch Nordstrom back to the club and introduced Luis L. and Paul Keefe, our newest members in attendance. David Osgood thanked Tom for successfully guiding new members through the application process as well as his outreach to the general membership.

**Treasurer:** Dean Gagne was unable to attend the meeting. Dean has been informed that Anheuser-Busch is no longer available for Spring Fling. The club is gathering information about alternate venues. Please let us know if you have suggestions. Tony suggested a park in Merrimack and Norm mentioned a field in Hudson.

**Vice President/Activities Director:** Norm and Brent have been working together to organize activities that members will enjoy. They would appreciate getting your feedback as they move forward. What types of activities are of most interest you?

**Officer at Large:** Brent AuCoin reviewed upcoming cruises and events. Please see the VP/Activities report and Officer-at-Large report in this newsletter.

**National Corvette Museum:** Larry Goelz talked about the NCM Caravan that occurs every 5 years. The Caravan for 2024 is currently being planned and registration will begin in 2022. There will be more information available in the coming months and also presented at the event at Loon Mountain this September. Larry urges everyone to check out the Museum's website and consider becoming a member. Please contact Larry with questions about the 2024 Caravan or the NCM in general.

The winner of the 50/50 was Tony Centrella. The winner of the member drawing was not in attendance. David adjourned the meeting at 8:00 pm.

We know that Sue Wood is a good shopper and the photo above displays her latest find. At Aldi Grocery Store in Manchester she discovered collapsible wash buckets for \$8.99. They come in round or square shapes and as Sue said they are perfect for our “baby” trunks.

# PACKING UP THE C8 FOR A LONG WEEKEND

Packing any Corvette for a long weekend can be challenging, but with creative planning there is plenty of room for...

all the necessary cleaning products and with the use of plastic vacuum bags you can even bring along some clothing!

Photos provided by  
Norm Wood & David Osgood

# BAR HARBOR TOUR 2021

**Larry Goelz**

Each year Vettes of Coastal Maine (VOCM) conduct their Bar Harbor Tour and for each annual event there is a theme for which most attendees construct costumes and wear them at the final night banquet. For 2020, the theme was to be “Denim and Diamonds” but with the pandemic the event had to be cancelled. This year the event was again cancelled, however, those who had registered and reserved a room could go up and hang out with others and just enjoy being away at a very scenic location. As the Bar Harbor event has always been a very enjoyable time, some of us were eager to go even though the official event had been cancelled. Our group consisted of Sue and Norm Wood, Heather and Larry Shields, Linda and Brad Davis, Ellen and David Osgood, and Ingrid and Larry Goelz.

Generally we leave for Bar Harbor on a Wednesday, but given there were no planned activities we decided to leave on Thursday. The group gathered at the Bonsai Restaurant parking lot and headed out on Rt. 101 for Portsmouth and then picked up I-95, stopping at the rest area just above Kittery, Maine. When refreshed we continued on I-95, then I-295 to Freeport where we picked up Rt. 1 which runs along the coast. Just before Rockport we took a short cut on Rt. 90 which takes us to our lunch stop, the Rockland Diner. The only change from 2019 we noted at the diner was the wait staff were all new; however, the food was still particularly good.

After lunch we headed out on Rt. 90 and then again picked up Rt. 1. This stretch of Rt. 1 is very scenic with many views of the shoreline and ocean. Late in the afternoon we arrived at our hotels, the Blue Nose and the Wonder View (both owned by the same group and they sit side by side).

After check-in we connected with the VOCM folks. We learned that about 40 cars signed up for the non-event and that on Saturday there would be a car display at the local ball field followed by a cruise to Northwest Harbor and lunch at the Nor’easter Pound & Market. The rest of the time everyone enjoyed the area on their own.

We decided to have dinner at Jack Russell’s where they have very good steaks and seafood. After dinner we gathered at the Looking Glass Restaurant (located on the hotel property – only doing breakfast at this time) and enjoyed the views of the harbor, fire pit, and just relaxed.

On Friday some of us started the day with cleaning the cars and then some had breakfast at the Looking Glass Restaurant. Afterwards we decided to take a tour of Acadia National Park as this was David and Ellen’s first trip to Bar Harbor. As we drove around we were very surprised at the large volume of cars and people in the park. We stopped at Thunder Bay for a photo op and to enjoy the views.

Photo provided by Heather Shields

After our tour we decided to have lunch at Asticu Inn where the well-known popovers are served. It is a lovely old Inn that sits overlooking Northeast Harbor. Across from Asticu is a botanical garden which is open to the public. Lunch was quite nice and after we headed back to the hotels where we had cocktails and conversation. Larry Shields decided to return to the park to try to get some pictures of Peregrine Falcons (we passed a birding group in the park who were trying to spot the falcons). He succeeded in getting a picture of the nesting area and a rock covered with bird dung!

When everyone returned we decided to have dinner at the Seafood Ketch located in Bass Harbor. We called to make a reservation (we could dine inside or out) and then headed out to the restaurant. On arrival we noted that the temperature was cooling off but decided to have dinner on the deck. After about a half hour, with a number of us donning coats, we decided to move inside. This restaurant sits on the harbor and the views are pleasant.

Saturday morning (quite early) some were out cleaning their cars (again), then some of us had breakfast at the Looking Glass. While waiting around Larry S. had his 100 lb. zoom lens on his camera and was watching birds in the distance. He spotted a bird in the distant trees and got a picture of it as if it were in 10 feet away. Using his bird ID app, he found it to be a yellow warbler. It was then time to head out for the ball field for the car display. At the field were all the attendees and there was at least one car from each generation of Corvettes. For C1 and C8 there were one car each (Norm and Sue had

the only C8 there). Afterwards Barry Shepherd of VOCM lead the group on a very scenic cruise through a portion of the park and out to Northeast Harbor. After taking a group photo, we walked up to the Nor'easter Pound & Market for lunch on their deck and then most of us headed back to the hotels.

Back at the hotel we gathered for cocktails and conversation and eventually got to deciding where we would have dinner. After reviewing the options and noting that down town would most likely be very busy, we decided to head out to Mainely Meat BBQ on Dreamwood Hill. We enjoyed the food then headed back to the hotels and again gathered at the Looking Glass deck and fire pit.

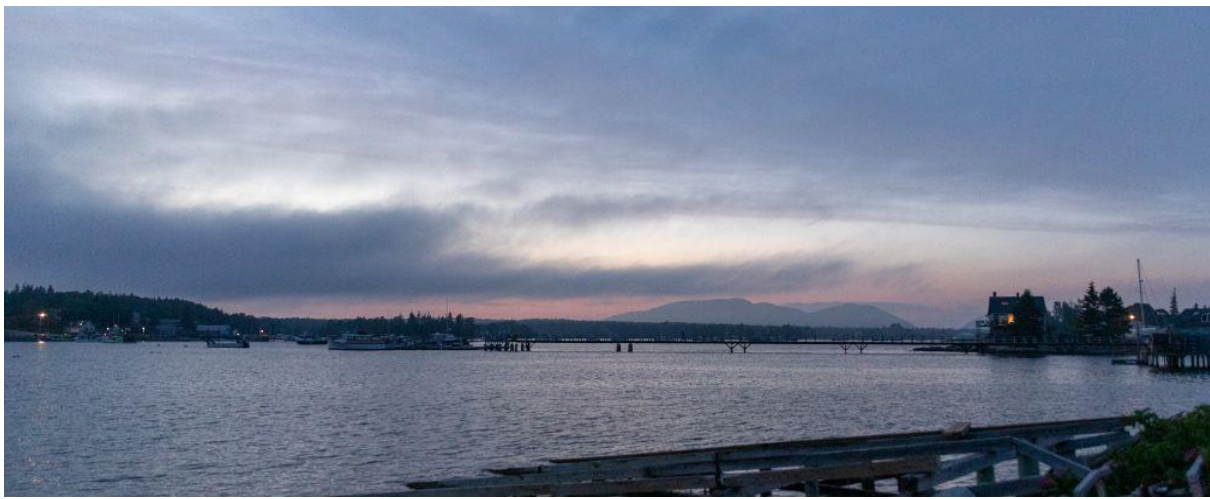

On Sunday both Norm and David were found washing their cars (again) and some had breakfast at the Looking Glass. Sue and Norm passed on breakfast and departed for home. After breakfast, Brad and Linda headed out and the rest of us formed a 3-car caravan and headed out as well. The weather overall was decent, although it was cool and rained once late Thursday night. At each place we stopped, the big issue was difficulty finding qualified workers which caused the restaurants to cut hours and/or limit the number of people that could dine at one time.

One last observation – it appears that David has taken cleaning his car seriously and has become a “detailer” following in the footsteps of Norm.

# Covered Bridge Farm Table Restaurant

**Sue & Norm Wood**

Hello GCCC Members,

On Sunday, June 27th, Norm and I spent the morning working around the house but the heat and our car was calling to us. We decided to take a last minute cruise and check out the Blair Covered Bridge that crosses over the Pemigewasset River as a possible destination for the club. Tom and Liz were happy to join us and give an opinion on the location.

I had discovered that the Covered Bridge Farm Table Restaurant (57 Blair Road, Campton, NH) overlooks this bridge so it was decided we would also do a food sampling. I have to say if we don't do it as a club you should put it on your bucket list. The restaurant was only one hour from Manchester. The lunch/dinner menu was intriguing with lots of choices and the beer and drink menu was unique. The view was great from our outside table and the parking lot is paved!

We had a great talk with the owner and she said she would love to see our club come for dinner, 3 to 4 pm was her suggestion and a call to reserve tables. I have enclosed some pictures and if you google the restaurant you will see more. If you don't go to the restaurant, there is a dirt area along the road to park and view the bridge.

# Thunder Road Block Party & Classic Car Show

**Alan Whittier**

Carol and I had a good time at a Block Party and Classic Car Show we attended last Saturday. The event was put on by Thunder Road Specialty Auto Shop in Merrimack. Thunder Road is a full service shop specializing in the repair, retrofit, customization and upgrade of vintage and specialty vehicles. They currently had 5 - 6 cars under restoration so it was interesting to see. Also at this location at Columbia Circle is HM Motorworks.

The Block consisted of Able Ebenezer Brewing Co., a fancy pizza house truck, tables outside with umbrellas and other snacks. We enjoyed great music, craft beer and a very fun trivia game with prizes. I won a \$25.00 gift card for The Flying Butcher Shop. There were all types of cars from the Ferrari, Lamborghini and Porsche Exotic Club, muscle cars, Corvettes, hot rods etc.

The show was spread over a nice area and I will definitely go again. I suggest you mark this one on your calendar for 2022 and hopefully we'll have more of our club members attending next year!

# “Re” Introduction & My Corvette Story

## Butch Nordstrom

Hi All,

For those “new” people, I’m Butch Nordstrom. And yes, I am a 6 year USN veteran! I joined GCCC about 10 years ago when I had just finished restoring an ‘82 Corvette that I owned at the time.

It’s been a rough past few years for me as I was going to very early retire which was why I had left the club, then my mother became ill from lung cancer and passed away 2 years ago this August. I did eventually retire and moved abroad to the Philippines. Things didn’t work out as I had hoped, and here I am back in the states since April 23<sup>rd</sup> of this year. And, in typical Butch fashion, I got right back into the swing of things fast just as if I never left! I am now the owner of my 4<sup>th</sup> Corvette, being my previous 3 were an ‘82, ‘2K, ‘13 and now a ‘16 Z06 3LZ with Z07 appearance package, but not the carbon ceramic brakes or sport seats.

I had to drive to PA to get my latest Corvette as there were literally none around, especially with the options I wanted, red, black interior, 2LZ minimum for PDR, and of course, M7! It had high miles, almost 58K, but was a California car and had a clean Carfax, so I picked it for approximately 20K less than similar optioned Z's with lower miles.

And for those of you who know me, I also got back into it by drag racing already! I was also at my first ever to watch and participate in autocross! Needless to say, I found out that I really stink at autoX!

I've had many cars over the years and while I don't still have them, I have made many friends in those groups. I belong to a few Trans Am clubs, Mopar clubs & a National Shelby Dodge club. My Shelby Dodge club had its 30<sup>th</sup> reunion this past weekend, would have been 31, but Covid put the brakes on everything last year.

We were in Lancaster, PA and had an autocross on Sunday and drag racing at Maple Grove Raceway on Monday. The AutoX was put on by the local Corvette club, YAY!! So I had stuff in common with them and split my time between that club and my club.

I was shown how to set my car up in track and then sport 1 or 2 mode. Yeah, I still have a lot to learn about the Z06 as I've only had it a month! Everyone said the track was laid out poorly and being noob, I didn't know good from bad until the track setup person rode with me on the 3<sup>rd</sup> pass. I was solo the first 2 passes, and even he messed me up. He apologized and I missed a cone on a turn! At least I was consistent and got 3 DNF's! (Did Not Finish)

Drag racing, well, it was hot, 91F with 61% humidity. I figured at least low 11's until the temps shot up. With Michelin Pilot Sport AS/3's, at stock pressure, 30 PSI, I pretty consistently ran 11.7's at 119 MPH. My best run was an 11.58, also at 119MPH! I played with all the modes, track, port, tour, & in track mode the settings there, but always left the nannies on, and never got better than 11.58.

Even the highly modded turbo Dodges that ran high 9's and 10's usually were in the high 10's and low 11's as well. I need a bit cooler temps, but still warm enough to keep a sticky track! All my Shelby pals said the Z06 sounded awesome (I left the exhaust in track mode). And, in the Shelby Dodge clubs car show they had a special interest class and yep, the Z got 3<sup>rd</sup> place at pretty much a Dodge only event! I think 5 years ago the '13 coupe got 2<sup>nd</sup> in that class too!

Well, that's my "re" intro and the fun I had with the Z06 this past weekend.

*Butch*

# Calendar of Events

## Brent AuCoin, Officer At-Large

If you would like to attend the following events, please fire off an email to me at [woodboundview1@msn.com](mailto:woodboundview1@msn.com) so that we can keep a tally of how many cars/people will be attending.

Also, should you find an event that is interesting, let us know and perhaps we can set up a caravan and travel together.

### Next Up

- GCCC Club Meeting, MacMulkin ..... July 8<sup>th</sup>
