First Word

David Osgood

Hello Members,

The year is fast coming to a close and we had our last official meeting at Lui Lui Italian Restaurant with a club sponsored pizza night. The turnout was outstanding and a perfect way to end 2021. We had some fun drawings and Norm Wood was kind enough to donate Adams products for raffle prizes. The election was held and the new board of directors is in place and ready to take on 2022.

Gate City Corvette Club has a long standing tradition and our members are key to our success. I encourage you all to renew your membership because I believe next year will be one of our best. There will be a full calendar of activities with our own internal events as well as other club events all over New England. The last couple of years have been challenging and a learning process for all. Finding creative ways to navigate restrictions while respecting individual preferences became a way of life. We are now more prepared and our team is eager to develop your ideas into reality. Please let us know what you are looking for from this club and we will do our very best to make it happen.

I would like to thank our members for once again helping those in need and supporting Adopt-a-Family and the Nashua Soup Kitchen. For many of us owning a Corvette has been a lifelong dream, but others are not as fortunate and your generosity is appreciated.

Ellen and I wish you and your family a Healthy and Happy Holiday Season!

Best wishes,

David Osgood
President

Gate City Corvette Club is one of the hundreds of Corvette clubs throughout the United States and Canada. The purpose of GCCC is to make being a Corvette owner more fun. GCCC meets at 7:00 pm the second Friday of the month at MacMulkin Chevrolet, 3 Marmon Drive, Nashua, New Hampshire.

Activities Corner

As I sit here writing this article it is cloudy outside and temps are in the mid-30s. Winter is down the road and approaching, the car is in hibernation until spring. As a club we have had an eventful year. We attended car shows including Deerfield Fairgrounds, Downtown Elm Street and Bedford Land Rover Dealership. In addition, we attended cruise-ins at Target, Murphy's Tavern and in Candia to name a few. We also had several day cruises to visit our state's landmark "Covered Bridges" and other scenic drives/dinners in New Hampshire and Vermont. Unfortunately, Mother Nature did not always cooperate and we had to postpone a few events. Our club picnic at the home of Brad & Linda Davis was a great time and a highlight of the summer. We capped off the season with a delicious "pizza night" for our last meeting of 2021.

The Board is now in the process of planning a Holiday Party. The team spent weeks calling venues and looking at available dates and pricing to get the best value for the club. It was an eye opener with many restaurants requiring a large minimum purchase, and one site is even charging extra for cloth napkins and tablecloths above the minimum food requirement and room rental fee. So after researching several options, we are excited to announce that the Puritan Event Center in Manchester is still the best value for the good food and service we have experienced in the past. Please see the Holiday Party flyer on page 5 for details.

As for Spring Fling, first and foremost we are still working on securing a suitable location. The location may determine the type of show we host, points judged or participant's choice.

The election of the Board of Directors was held at the November meeting and the officers for 2022 are as follows: President, David Osgood; Vice President, Brent AuCoin; Secretary, Allie DeCampo; Treasurer, Dean Gagne; Officer-at-Large, Norm Wood; Membership Director, Tom Stewart.

Next year, the Board plans to have other dinner meetings and many fun cruises throughout the season. Please let us know if you have ideas about where to go and places to visit. Here's hoping our lives continue to return back to normal soon.

Hope you all have a great holiday season!

Norm Wood

Vice President

Gate City Corvette Club

Holiday Party

Saturday, January 8, 2022

Puritan Event Center
245 Hooksett Road
Manchester, New Hampshire

6:00 - 11:00 pm

Cost: \$50.00 per person

Buffet, Cash Bar, Yankee Swap

If you wish to participate in the Yankee Swap
please bring one gift per person valued at \$25 - \$30
wrapped and marked for man, woman or either.

Please submit payment by December 15, 2022
to Dean Gagne, 11 Blackbird Dr., Bedford, NH, 03110
(Half of your payment will be refunded to you that evening if you attend.)

Hope to see you there!!!

Greetings,

President: The GCCC meeting was held on November 12th at Lui Lui Italian Restaurant in Nashua.

Membership Director: Tom Stewart reported he has been in contact with potential new members.

Treasurer: Dean Gagne presented a financial update and talked about upcoming expenses including charitable donations to Adopt-a-Family and Nashua Soup Kitchen.

Heather is planning a shopping night for families on our list for November 30th at the Walmart in Amherst.

Vice President/Activities Director: Norm Wood and Brent AuCoin will continue working together to coordinate activities for 2022. The club is still in search of a possible venue for Spring Fling

Secretary: Allie thanked members for their contributions to the newsletter.

Officer at Large: Brent is following up on events all over New England.

NCM Ambassador: Larry Goelz updated the membership on National Corvette Museum news. He talked about the New England Caravan to the Museum and related events leading up to 2024.

The election of officers for 2022 was held.

That Poor Vette

This month's poor Vette comes to us from Memphis, the home of the blues... and the home of a C5 gray Corvette joining you in the living room. It's unclear what occurred to cause the driver to lose control of the vehicle, but thankfully no one was injured in the accident. Sadly, both the car & the house took some serious damage in the event.

TPV Contributed by Larry Shields

Leon J. "Lee" Scarlett

1953 - 2021

Our friend Lee Scarlett passed away on November 22, 2021 at age 68 following a lengthy and courageous battle with cancer. Lee was born in Manchester, NH on October 16, 1953, the son of Edward M. and Lillian (Levesque) Scarlett.

"Lee grew up in Manchester and attended Memorial High School. He started his first job at the age of 17 when he started working at Barton's Texaco. There he learned everything he could about being a mechanic. He then worked for 18 years at Miller Engineering as a technician. Prior to his retirement he was a mechanic and office manager for Granite State Sewer & Drain.

Lee loved cars and everything that went with them. He owned several Corvettes through the years but eventually made the switch over to owning hot rods, purchasing several in the last few years. He and Paulette loved to hit the open road and in one day could travel much of the state, heading north toward the mountains then to the Lakes Region, finishing up their day of travel at Hampton Beach listening to some music at the Clamshell."

Lee was a devoted past member of Gate City Corvette Club. He always amazed us with the number of sponsors he would pull in for Spring Fling. He was always willing to help out, even when asked to wear a grass skirt and perform a hula dance at our Corvettes Conquer Cancer fundraiser.

Lee had a wonderful sense of humor and a big heart. Those of us who knew him will forever miss his friendly manner and contagious smile.

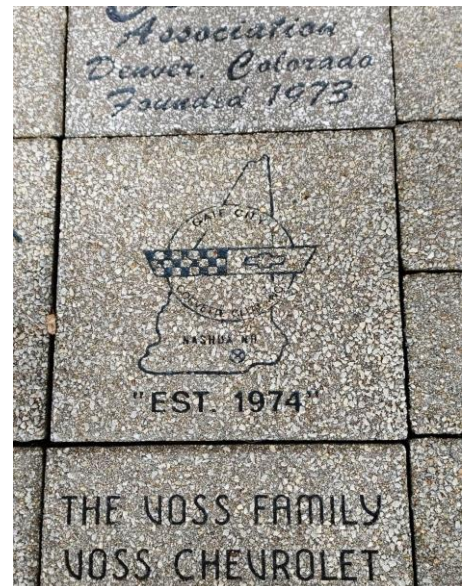

Ambassador's NCM Update

December 2021

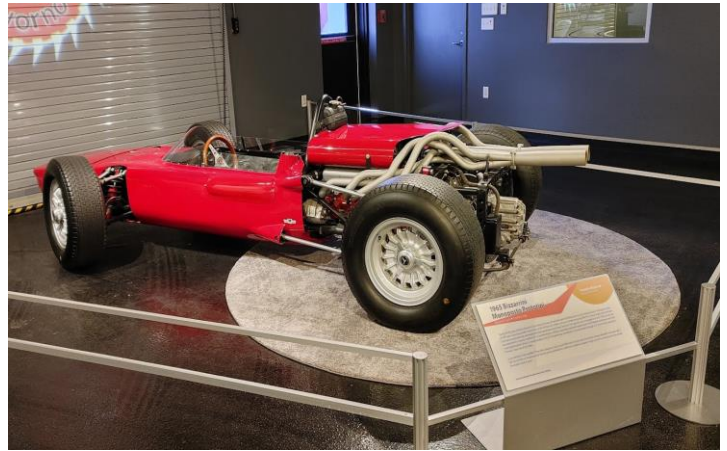

*As the GCCC Ambassador, I have goals to meet for the NCM. For me to meet the goals I need each of you to **let me know** if you attend a museum event, purchase memberships, purchase raffle tickets, purchase bricks/tiles/bench, or make donations to the museum.*

This month Ingrid and I attended the annual NCM Ambassadors meeting. This meeting had the largest attendance since it began. Currently there are 305 Ambassadors. It was well done, and the presentations provided a great overview of what is currently happening and a look into the future of the museum. The presentation from the new CEO was very informative and provided a look at the future direction she is pursuing. In addition to the presentations, we did a tour of the Southern Kentucky Performing Arts Center (SKYPAC) and went through the Mobile 9/11 Never Forget display.

While at the museum I went to look at our club's brick at the entry area to the museum. It is quite worn and getting more difficult to read. As our club's founders thought it important for our club to be represented at the museum through its Charter membership and its placement of the brick in a prominent place at the entryway, I believe we should ensure our brick is legible. When I have the information regarding replacement, I will propose we replace it.

We also viewed the “Corvette Powered” exhibit.
Here are several of the exhibit pieces:

Current Special Exhibits:

- “Corvette Powered” runs through 30 April 2022.

The new *Corvette Powered* exhibit explores select stories and the reason they chose Corvette engines to power their vehicles. Stories from Italy to America, Wisconsin to California, and from paved roads to glass-smooth lakes will grace the Exhibit Hall at the Museum until Bash of 2022.

- Wheels: Race to Win, opening the beginning of June and running into September, will explore the science of racing. Also working to get the “Hot Wheels Legends” tour to stop at the museum.

NCM Events Update:

- NCM 9-day Caribbean Cruise on April 15 – 24.
- NCM Bash on April 28 – 30.
- MiM Dragon Run May 1 – 4, Museum in Motion will be going on a fun-packed trip with Spring in the Smokies, Tail of the Dragon, and the Biltmore all-in-one! Registration is currently open for this event.

NCM Motorsports Park News

- Run, Run Rudolph 5k Run - 12/11/21, Proceeds donated to Toys for Tots. Participants run on the track while enjoying light displays.
- Twinkle at the Track – 11/25/21 – 01/01/22, 2 miles of lights displays, 25 scenes, 350 displays. Visitors drive around the track to view. Also Holiday Village, Santa Claus, karting and more.
- Visitors will drive around the track to see displays.
- NCM Kartplex – ongoing event.

There are many other track experience packages offered. Go to <https://www.motorsportspark.org/> for complete information on track offerings

NCM Raffle:

Current Corvettes being raffled are:

2022 Silver Flare Corvette Convertible
Drawing: 12/2/2021; Tickets \$200.00

2022 Arctic White Corvette Coupe
Drawing: 12/16/2021; Tickets \$150.00

2022 Black Corvette Coupe
Drawing: 1/13/2022 Tickets \$150.00

2022 Arctic White Corvette Convertible
Drawing: 4/30/2022 Tickets \$20.00

<https://raffle.corvettemuseum.org/index.cfm>

NCM Membership:

The museum exists to support the Corvette enthusiasts worldwide and memberships are a large part of its sources of revenue. If you are a member, remember to renew it, if you are not a member, please consider purchasing one of the membership levels.

<https://www.corvettemuseum.org/support/membership/>

“The mission of the National Corvette Museum is to celebrate the Corvette’s invention and preserve the legendary automobile’s past, present, and future. The museum will serve as an educational and research model for all to enjoy.”

Please contact Larry Goelz for more information about the National Corvette Museum.

lstarrg@comcast.net

2024 NCM Caravan Update

- NCM announced 2024 Caravan Chair (Over all Captain) – Frank Sancineto, a member of RTP Corvettes and Queen City Corvettes in North Carolina; he will be holding a 2024 Caravan meeting for the Caravan Captains during the 2022 NCM Bash on Saturday 30 April, 2022 from 10 AM to 2 PM.
- The 2024 Caravan has 25 Regions with 17 having Captains identified.
- NCM will open registration for the 2024 Caravan in the fall of 2023.
- The official NCM 2024 Caravan Web site is now up and running – www.corvettecaravan.com/new-england/
- NE Caravan Planning Update:
 - All States/E. Canada have leaders – NH State Leaders are Jeff and Alyssa Batula, who also will cover Vermont.
 - The logo designs are complete.
 - Clothing has been received and available for sale; current items include denim shirts, polo shirts, and jackets, t-shirts will be available later.
 - NE Caravan routes have been laid out.
 - All hotels have been contracted with – Wyndham Hotel in Gettysburg, Hotel Roanoke in Roanoke, VA, Embassy Suites in Concord, NC, Meadowview Resort in Kingsport, TN, and the Holiday Inn in Bowling Green, KY.
 - Events for each leg of the trip have been identified.
 - Three Meet and Greets are in the planning stages – first one will be in Hyannis, MA on October 20 – 23, 2022, with the Double Tree by Hilton Hotels has been booked and registration for this event will open in April 2022; the second will be in the Finger Lakes Region in the Fall of 2023. The third one is being planned for summer '22, in conjunction with the Nova Scotia Auto Show in Yarmouth, Nova Scotia in mid-July 2022.
 - The October Team Leaders Zoom meeting went well. The next meeting will be held on 15 November.
 - 2024 NE Caravan Registration will OPEN on 14 February 2022, Valentine Day!
 - The kick-off for the Caravan will be in Gettysburg, PA, at the Wyndham Hotel (starting on Thursday 22 August; 2-day minimum stay), departing on Sunday 25 August for Hotel Roanoke in Roanoke, VA (driving on part of the Blue Ridge Parkway), departing on Monday 26 August, the plan is to go to the Virginia International Speedway for track time and lunch, then on to the Embassy Suites Hotel in Concord, NC, departing on 27 August for the Meadowview Resort in Kingsport, TN, departing on 28 August for the Holiday Inn (4 day minimum stay) in Bowling Green, KY, departing on 1 September for Home.
 - The 2024 New England Caravan web site is located at:
www.corvettecaravan.com/new-england/
 - The 2024 New England Caravan Facebook page is:
<https://www.facebook.com/2024-new-england-covette-caravan-341737302699241/>

The 7th National Corvette Caravan

Often referred to as the world's largest moving automotive event, the National Corvette Caravan is a celebration of America's Sports Car, culminating in Bowling Green, Kentucky for the anniversary celebration of the National Corvette Museum. Hosted only once every five years, the next event is slated for Labor Day Weekend 2024 and will mark the Museum's 30th Anniversary.

Regional caravans will form and join other caravans as they travel across the United States to meet in Bowling Green, KY for four days of festivities at the National Corvette Museum.

How to Winterize Your Corvette in 11 Steps

Tips from Corvette Central

Winterizing Your Corvette: How long is too long to leave it?

When the weather is bad, you don't have much choice. It's not like you don't want to pull your Corvette out of storage, but when conditions are terrible, it's easy to worry that it's been sitting for too long. In general, leaving your Corvette in an unheated garage for a few months at a time without starting it isn't terrible.

Leaving your Corvette alone for more than a year is when bad things can start to happen. The worst-case scenario is when one cold front after another pummels your garage. Extreme temperature fluctuations create serious condensation in internal driveline components. Engines, transmissions, and differentials corrode from the top down while the condensation drips into the lubricant. Fuel tanks have condensation dripping from the roof of the tank, corroding the steel fuel sending unit or the tank itself in 1953-1996 Corvettes.

How to Winterize Your Corvette

All that being said, if you're just storing your Corvette for a few months, you don't have much to worry about, so long as you properly prepare your car for that wait. If you're planning to winterize your Corvette, use these guidelines to make sure you get it right:

1. Wash Your Corvette

If your Corvette is going to sit for months without activity, the car should be washed to safeguard against any environmental fallout like tree sap, dead bugs, etc. Some of the fallout may be acidic and damage the paint or clearcoat permanently. Giving your Corvette a good wash is key to preparing it for safe winterization. Washing your Corvette will also prevent any scratches that can be caused by dirt under your car cover.

2. Clean the Tires & Wheels

Scrub the tires to remove any built-up oxidation and apply a tire dressing once they are dried. Take this time to clean your wheels as well. Brake dust, when left on wheels for extended periods, can permanently damage the wheel surface.

If your wheels are clear-coated, remember to use a clear coat-specific cleaner.

3. Clean the Interior

If you're putting up your Corvette for a few months, you might as well do it right. Take some time to clean out the interior, detailing the dash, console, and seats, and making sure to use a portable vacuum to clean up any dirt or food particles. Remember — the cleaner your interior, the less attractive your Corvette will look to mice and other pests. When you're done cleaning, use a desiccant in the foot wells and rear cargo areas to prevent moisture buildup and possible mold formation. You can also use a silicone spray on weather stripping to keep it from bonding with other surfaces over the winter.

4. Fill up the Fuel Tank

Before long-term storage (over 30 days), remember to fill the gas tank to prevent moisture from accumulating inside the fuel tank, and to keep the seals from drying out. You should also purchase a fuel stabilizer to prevent ethanol buildup and protect the engine from gum, varnish and rust. The fuel stabilizer will prevent the gas from deteriorating for up to 12 months.

5. Maintain Your Corvette's Battery

One of the biggest issues that will come up when you winterize your Corvette is what to do with the battery. Normally, if you have a good three-stage battery charger, you can simply leave it hooked up, as the third stage is the maintainer charge. If you don't have one, you can use a battery maintainer or a trickle charger, which performs only that final charging stage. Your battery should be kept charged throughout the entire time your Corvette is stored. We recommend the use a Battery Tender which maintains the battery charge without any damage or concerns about overcharging or overheating your battery. Simply connect the Battery Tender to your battery, and you're set for the winter.

6. Change the Oil and Filter

Always change your oil and filter before placing your Corvette in long-term storage. While you're at it, be sure to top off all other fluids as well. coolant, brake fluid, clutch, and transmission fluids should all be topped-off before you say goodbye for a few months.

7. Prevent Pests

Nearly any place you store your Corvette — be it a city, suburb, or rural area — can have a rodent problem. Mice and other pests can wreak havoc on a Corvette, particularly the plug wires. Certain brands of plug wires (including GM) consist of a vegetable-based outer shell which is very appetizing to varmints. To keep them looking elsewhere for their next meal, place mothballs or dryer sheets in the engine area. Just don't forget to remove them before starting the car. Dryer sheets can also be placed in the interior or trunk area. Prevent them from entering your car by

covering any gaps where a mouse could enter, such as the exhaust pipe or an air intake. Steel wool works well for this, or you can place face cloths over each and wrap rubber bands around them.

8. Utilize Car Covers

Indoors or outdoors, we always recommend covering a Corvette when it will be stored for a few months or more. The type of cover you select should be based on where the car will be stored, and your goals for the car cover. A weatherproof cover is a solid choice for any storage option — indoors or outdoors — but a cotton cover will really only work for indoor-only storage. A weatherproof car cover will keep any spills or dust off of the paint. It can also protect from scratches while moving objects around the parked car.

9. Avoid Flat Spotting

To be honest, you shouldn't worry much about flat-spotting unless you have bias plies. Tire composition and technology have significantly improved, and any flat spotting that does occur on radials today will be eliminated with a nice 30-minute drive in the springtime. It is okay to keep your tires inflated to the correct pressure through the winter. That said, some do prefer to overinflate to reduce the tire's pliability. If that's you, just be sure to correct the pressure in the spring, before you hit the road. If you're on the hunt for flat stoppers, Corvette Central has two sizes - 14" and 16" wide flat stopper tire cradles.

10. Start Your Corvette in the Winter

We recommend starting your Corvette once a month throughout the winter, if possible. This will help circulate the oil rather than letting it sit in the oil pan all winter, exposing cylinder walls and moving parts to possible corrosion.

11. Maintain Insurance

In order to save money, you might be tempted to cancel your auto insurance when your Corvette is in storage. But if you remove coverage completely, it'd be a major loss if a fire started, the weight of snow collapsed your roof, or a theft occurred. Even if just collision coverage is temporarily removed, the car wouldn't be covered when another moving object (e.g. a tractor or motorcycle) rolled into it, or if the car were to fall off its jack stands. If you have classic car insurance, the policy may cover winter storage, so you don't have to worry about your car over the winter months.

Winterizing your Corvette can feel like a sad chore — the end of the good weather and the start of winter — but we find it helps to think of it as one great way to make sure your Corvette gets the detailing it needs to shine. When you complete all of these winterizing tasks, you can rest easy all winter knowing you'll have no problem starting it back up in the spring.

OR...

The Holiday Season's Corniest Jokes

What do you call a kid who doesn't believe in Santa?

A rebel without a Claus.

What nationality is Santa Claus?

North Polish.

How can you tell that Santa is real?

You can always sense his presents.

What goes "Oh Oh Oh"?

Santa walking backwards.

Why does Santa have so many gardens?

So he can hoe hoe hoe.

What do you call a bunch of chess players bragging about their games in a hotel lobby?

Chess nuts boasting in an open foyer.

What do you get when you combine a Christmas tree with an iPad?

A pineapple.

A gingerbread man went to the doctor's complaining of a sore knee.

The doctor asked him, "Have you tried icing it?"

Why does Scrooge love reindeer?

Because every buck is deer to him.

Why did Scrooge refuse to eat at the Italian restaurant?

It costs a pretty penne.

What do you get when you cross a snowman with a vampire?

Frostbite.

Why did the snowman call his dog Frost?

Because Frost bites.

What do you call a snowman who vacations in the tropics?

A puddle.

What do snowmen wear on their heads?

Ice caps.

How does a snowman lose weight?

He waits for the weather to get warmer.

What do you call a snowman with a six pack?

An abdominal snowman.

Why did the snowman want a divorce?

Because his wife was a total flake.

How is Christmas exactly like your job?

You do all the work and some fat guy in a suit gets all the credit.

What did the gingerbread man put on his bed?

A cookie sheet.

What are the best Christmas sweaters made from?

Fleece Navidad.

What did Adam say the day before Christmas?

"It's Christmas, Eve!"

What's the best Christmas present in the world?

A broken drum, you just can't beat it.

Why did only the letter "E" get a Christmas present?

The other letters were not E.

What do you call a search engine that sings Christmas songs?

Michael Google'.

Merry Christmas

*Wishing you
a warm and cozy
Holiday Season
and
a New Year
filled with wonderful
adventures.*
