Hello Members,

I can't believe it's May already! The year seems to be flying by at warp speed. Thank goodness for our activities team led by Brent AuCoin and Norm Wood for getting an early start organizing our event calendar for the season.

Speaking of events, the Spring Fling committee has been hard at work getting all elements in place for our Corvette show on Sunday, May 29, 2022. May is an important month for our club. It is the only time we request all members make an effort to participate and help out at the show. Proceeds help to fund our charities for the rest of the year. The remainder of the season will be devoted to just enjoying our friends and cars!

On Sunday, May 15<sup>th</sup>, Ellen and I are hosting a Spring Fling team meeting and judging clinic at our home. Al Whittier will be available to review judging criteria, completion of judging forms and answer any questions we may have. Our garage will be set up to organize last minute details such as giveaways and raffle items and then we'll enjoy lunch together.

It was wonderful to see so many members at our April meeting. In addition we were fortunate to have several new members in attendance. I hope to see everyone at the next meeting on Friday, May 13<sup>th</sup> at MacMulkin Chevrolet.

Best,  
David Osgood, President

Gate City Corvette Club is one of the hundreds of Corvette clubs throughout the United States and Canada. The purpose of GCCC is to make being a Corvette owner more fun. GCCC meets at 7:00 pm the second Friday of the month at MacMulkin Chevrolet, 3 Marmon Drive, Nashua, New Hampshire.

[www.facebook.com/GateCityCorvetteClub](https://www.facebook.com/GateCityCorvetteClub)

**Dean Gagne 1-603-472-3524**

Dear Fellow GCCC Members,

Welcome to May! We're certainly looking for a little warmer and dryer weather than what we had in April; but, I suppose April showers bring May flowers ☺.

Despite the cool weather in April, we did have an "eventful" month. Our April Club meeting and Club dinner was well attended and held at a new venue, Martha's Exchange. Norm's Detailing (our own Norm Wood) conducted an intensive Adam's Detailing Clinic at Corvette Mike's in Carver, MA.

As a reminder, **Spring Fling** is less than 5 weeks away! Dean and the Spring Fling Committee continue to work very hard; and things are falling into place nicely. We currently have 50 out of 57 sponsors, with 32 paid up. Please try to close on the remaining outstanding 18 sponsor pledges. If you know of anyone else that might be interested in becoming a sponsor, please let Dean or me know. And, while we have had many club members step up to volunteer at Spring Fling, we are still in need of **volunteers**. If you or someone you know is interested, please drop Dean or me a note – thank you in advance!

Upcoming Events for May:

- **May 13** - Club Meeting and Dinner (dinner venue TBA at May meeting)
- **May 14** - Blessing of the Vettes – Corvette Mike's **10-2 PM** (rain date May 21)  
(74 North Main Street, Carver, MA)
- **May 15** - Spring Fling Judging Clinic and Team Meeting **10 – 1 PM** (rain date May 22)  
**Location: David & Ellen Osgood** (watch for e-mail with more details)
- **May 20 – 22** - Deerfield New England Car Show
- **May 29** Spring Fling – **7am – 5pm** (rain date – July 31)

Please see more activities listed on pages 10 - 11.

I would like to thank Norm Wood, Allie DeCampo, Al Whittier for their help with hosting events during the month of April.

"Save the Wave"

Brent AuCoin  
VP, Activities Director

## Gate City Corvette Club Member Event

Overnight stay at the North Conway Grand Hotel, 72 Common Court, North Conway, September 11 – 12, 2022 Hotel Reservation (direct): 603-356-9300

<https://www.northconwaygrand.com>

Beautiful cruise through New Hampshire to the North Conway Grand Hotel with visits to the Mount Washington Hotel, Cog Railway, shopping and return trip home via Kancamagus Highway. Contact: Brent Aucoin [woodboundview1@msn.com](mailto:woodboundview1@msn.com)

### SUNDAY, September 11

- Arrive North Conway at approximately 11:30 Noon (Depart Bedford, NH 9 AM)
- Lunch & Shopping 12 PM to 4 PM
  - LUNCH 12:30: Arrive Mount Washington Hotel, Bretton Woods, NH
  - SHOPPING: Settlers Green Outlet Village, North Conway
- 4 PM Check-in North Conway Grand Hotel
- 6:30 Dinner at The Red Fox Bar & Grill, 49 Rt. 16 Jackson, NH

### MONDAY, September 12

- 7:30 AM Breakfast – North Conway Grand Hotel
- 9:00 Depart for Cog Railway [The Mount Washington Cog Railway \(thecog.com\)](http://thecog.com)  
(optional) Departures on the hour, tickets must be purchased on-line two weeks in advance, \$72 per person. Platforms A, B or C. Book 11 AM time slots.
- Lunch - TBD
- Depart North Conway: Monday PM by way of the scenic Kancamagus Highway

**Recommend you reserve your hotel room soon to secure the best price!**

**President:** David Osgood began the April meeting at 7:00 pm.

**Membership Director:** Tom Stewart introduced new members and potential new members. Welcome to all!! Tom said he continues to receive many new member applications.

**Treasurer:** Dean Gagne presented the treasurers report.

**Secretary:** Allie DeCampo thanked members for their contributions to the newsletter and asked everyone to send photos and write-ups after attending a Corvette event.

**Office at-Large:** Norm Wood reviewed upcoming events. See full activities report in this newsletter. Please contact Norm or Brent for more information. Let them know if you have an idea for an activity.

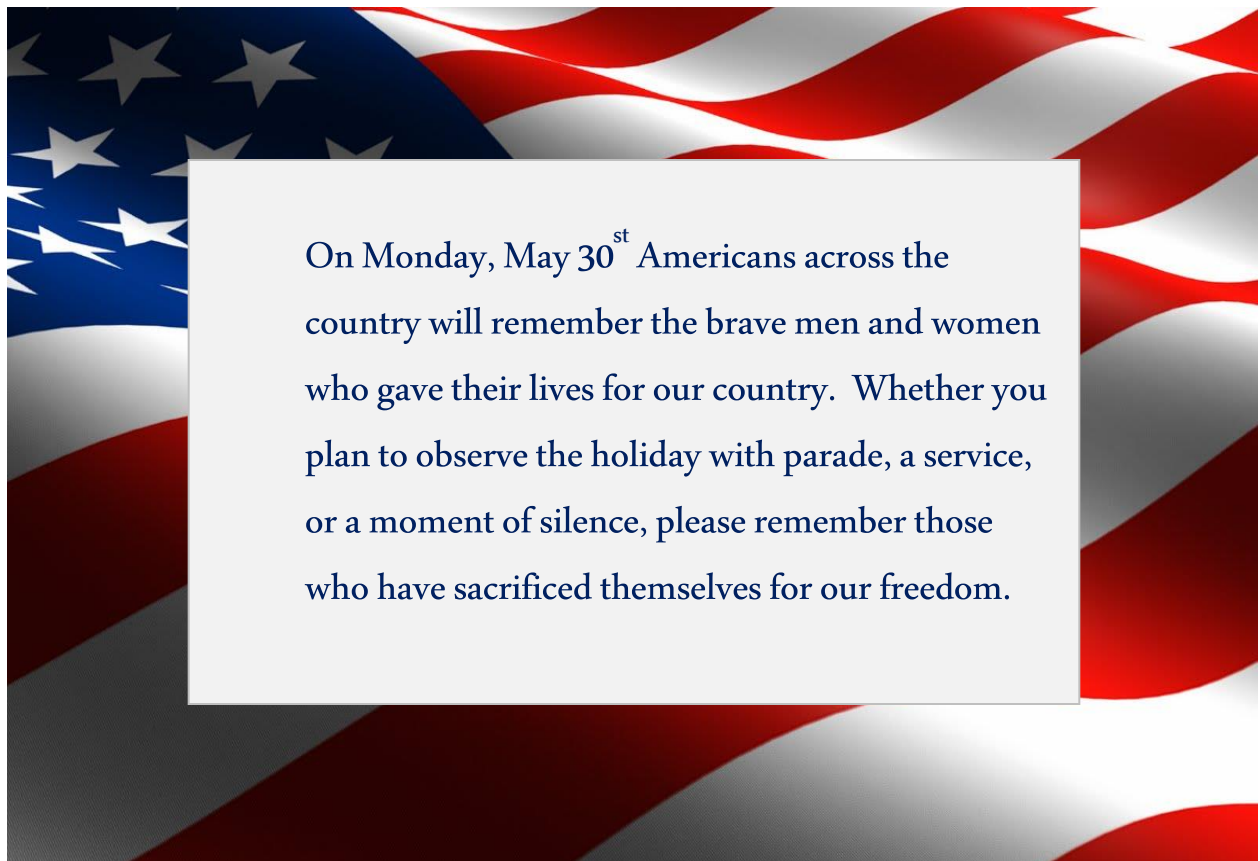

**Vice President/Activities Director:** Brent AuCoin presented an update of plans for Spring Fling. David Osgood went over the various responsibilities involved the day of the show.

**NCM Ambassador:** Larry Goelz updated the membership with news from the National Corvette Museum and the New England Caravan planned for 2024. Please see his report beginning on page 16.

The 50/50 raffle was won by Bob White. The winner of the member raffle was not in attendance.

David adjourned the meeting at 8:00 pm.

*Allie*

## Meet Our Newest Member

### Ed Sager

I have been a performance car enthusiast for as long as I can remember. The first car I wanted to buy was being sold by a business associate of my dad. It was a Blue '62 Vette (\$1800) and the car of my dreams. My dad said no because he was afraid I would hurt myself or someone else.

In 1970, my first car was a '66 GTO that I raced at New England Dragway for a couple of years. I never was in a position to own a Corvette until 2014 when I purchased a 2009 red convertible.

Last October I upgraded to a 2021 red HTC that has been sitting in my garage just waiting for good weather. I am looking forward to having fun this summer with all of you!

## GCCC CALENDAR OF EVENTS 2022

### Norm Wood & Brent AuCoin

Events below have been selected as club recommended activities. This list is subject to changes and updates by the Activities Committee. Should you have any questions regarding an event, please send an email to Brent Aucoin [woodboundview1@msn.com](mailto:woodboundview1@msn.com) or Norm Wood [woodnorman@comcast.net](mailto:woodnorman@comcast.net). Also, please visit the club's Activities Calendar at [www.gatecitycorvetteclub.com](http://www.gatecitycorvetteclub.com) and select the "DOWN" arrow (to be updated soon).

4:00 pm until dusk (Rain date September 20) 1-508-947-3000.

Please verify event information when planning to attend.

# GUIDELINES FOR CORVETTE CARAVANS

## Prior to departure:

- Every Caravan needs a leader. The leader is responsible for various details involved in having a successful and safe caravan.
- A starting/departure point must be established prior to the event, whether it is for each day of a road trip, or just a social day trip. This should include the date, time, and location. The start point should be sent out on the event flyer for a day trip and on a road trip.
- Arrive with enough fuel in your tank for the trip.
- Begin with a “drivers meeting” at least 10-15 minutes before departure. At this time the route and destination will be explained.
- If possible, hand out written driving directions to each car. No variations to the route should be made once on the road, as it can be confusing to caravan members further back in the group. (Exceptions would be detours or other unforeseen travel conditions.)
- A method of communicating between caravan members needs to be established. Select a channel on a hand held walkie-talkie. A cell phone list of all caravan members is another good method for communicating, especially on an extended trip.
- One Corvette driver should be selected to be the caravan’s designated last car or “caboose”. That person is responsible for keeping the leader informed on how well the group is staying together. The caboose must have good communications with the leader, as that is how the caravan will stay together by adjusting speed and/or allowing for heavy traffic.
- Any planned fuel, rest, or food stops should be communicated before departure. Any unplanned stops will be worked out by the leader and back caboose, and hopefully can be arranged far enough ahead that all cars without communications will be able to stay with the group.
- It can be very difficult to safely keep a caravan together in heavy traffic, congested areas, and on major highways. If the group becomes separated, plan to regroup when that part of the trip is over.
- With a large caravan of 15 – 20 or more cars, consider breaking up into smaller caravans of 8 – 10 cars with a leader and caboose for each.

- For long trips choose a caravan buddy - in case of breakdowns your buddy will stay with you. Plan on catching up with the group when the problem is resolved.

## Once on the road:

- Be courteous to other drivers. THIS IS NOT A RACE OR A CANNONBALL RUN. Obey the laws.
- The leader must do everything possible to insure that the caravan stays together. Try to maintain an even speed to keep the caravan in sight, even in heavy traffic.
- Slower cars belong up front. All Corvettes are fast, but if you have a 4 speed with 4:11 rear, highway speeds aren't your specialty. The cars that need to travel at the speed limit need to be at the front of the Caravan. The speeds in a caravan increase quickly the further away you are from the leader.
- If the leader sees, or is notified by the caboose that the caravan has become split up, the leader may pull over at the first SAFE PLACE to do so, and wait for the rest to catch up. As you come to a stop turn your wheels toward the road. The caboose will let the leader know when the group is all together. When the lead and caboose determine the road is clear to pull out, the group will pull out onto the road at the same time.
- Always drive within your personal limitations. You will be provided with directions, lunch stops and destinations should you be separated or have to leave the group. If you get there a little later it won't matter that much.
- Watch out for what is known as the Rubber Band Effect, in which the group gets stretched out and then rebounds quickly. Rebounding quickly is NOT good and causes collision.
- Stay alert. The most common accident is the rear-end collision. Please give the cars around you plenty of room to maneuver. No tailgating and always be prepared to stop quickly.
- For manual transmission (and the wanna-be-manual paddle shifter) cars, don't depend on down shifting to slow the car down while in traffic. By down shifting you do not give the driver behind you any warning that you are slowing down. They might be trying to catch up to the group by speeding up, which is not a good combination. So use your brake lights to warn folks as you down shift.
- In general the rule is drive right and pass left.
- If you are on an Interstate with two, three or four lanes of traffic, try to change lanes only when it's clear for the group. On a three lane highway leave the left lane open for passing and the right lane for exits.
- Don't block general traffic. If you are in the left lane and another motorist pulls up behind you wanting to overtake, momentarily move right allowing them to pass. (We certainly don't want to encourage road ragers who are easily angered by a bunch of Corvette owners!)

- Remember that truckers are out there on the highway to earn a living - so make sure to leave one lane open at all times. Or in other words...get out of the way fast for your own safety.

### **Stops along the way:**

- Patience is appreciated as the whole group gets in, gets parked, uses the facilities and is ready to hit the road again. With a group of people all things take longer.
- When you enter into a business or a parking lot, the biggest concern is slowing down traffic behind you, so get off the road as quickly as you can. Drive into the farthest spot so the cars behind you can enter as well.
- Most members will prefer to back into their parking spaces because of the risk of damaging the spoiler when pulling in head first and because of the convenience of reforming the caravan upon departure. If there is a concern about getting the caravan safely off the highway, pull to the FARTHEST open spot and park HEAD IN. With double parking rows, pull through if possible so you are in the spot where you can drive straight out.
- DO NOT SWING YOUR DOOR OPEN! Please be cautious of the car parked next to you.

### **Last but not least:**

- Leader: Do not “run off” and leave the group behind – this is your caravan, so take ownership of it, and arrive at your destination as an organized and orderly group. The caravan members expect it of you, and not everyone has the same level of experience or comfort traveling as a group. It is your job to insure that all have a good time and will want to do it again!

## **HAPPY & SAFE CARAVANING!**

\*\*\*\*\*

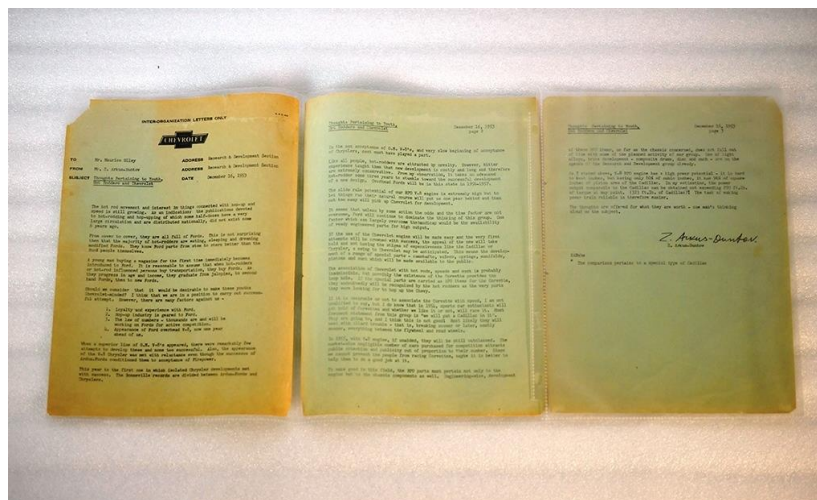

## Ambassador's NCM Update

March 2022

*As the GCCC Ambassador, I have goals to meet for the NCM. For me to meet the goals I need each of you to **let me know** if you attend a museum event, purchase memberships, purchase raffle tickets, purchase bricks/tiles/bench, or make donations to the museum.*

**NCM Membership Anniversary Milestones for GCCC members:** I want to thank Norm and Sue Wood and Dave and Deb Hill for being NCM members for 20 years and 10 years respectfully.

**Artifact of the Month:** Each month the NCM Curatorial staff selects an artifact from their collection that is connected to a significant moment in Corvette history and share its story with you. For the current story, **"The Turning Point"**, go to <https://www.corvettemuseum.org/the-turning-point/>

Three page internal memo, written by Russian-born engineer/race car driver Zora Arkus-Duntov marked a turning point in the history of Corvette and performance vehicles at General Motors.

Zora Arkus-Duntov had already made a name for himself racing and developing cars with Allard, Porsche, and Daimler-Benz. He had also come up with the overhead valve conversions for the Ford V8 engines, dramatically increasing horsepower. When he saw the Corvette debuted at the 1953 Motorama, he was impressed with the way the car looked but quickly realized that the Corvette lacked the performance that sports car enthusiasts expected. He wrote to Ed Cole, then Chief Engineer for Chevrolet, about ways the Corvette could be improved. Zora was hired shortly after that as an Assistant Staff Engineer for Chevrolet.

**NCM Announces Plans: For New Education Gallery:** The National Corvette Museum (NCM) is pleased to announce plans for a fully reimagined 2,000-square-foot dedicated education gallery. The new space tentatively scheduled to open in late 2022/early 2023, will allow the NCM to provide a state-of-the-art educational experience geared directly to the next generation of Corvette enthusiasts, engineers, designers and more. The new education gallery will be designed for children and adults to enjoy, featuring artifacts and interactive technology celebrating the unique story of Corvette. The new space will not only serve guests visiting from out of town with youth-centric content for families to enjoy, but it will also serve as a space to engage our local community schools with standards-based STREAM education, learning opportunities, and new educational programming. Construction is expected to begin in late May.

**Hot Wheels: "Race to Win"**, opening late May and running to the 27<sup>th</sup> of September, will explore the science and physics of racing. The museum is also working to get the "Hot Wheels Legends" tour to stop at the museum during this time.

**NCM Raffle** (Purchase online or print order form and mail in.)

Current Corvette being raffled:

2023 Torch Red Corvette Coupe  
Drawing 5/19/2022

To learn more visit:

<https://raffle.corvettemuseum.org/index.cfm>

## NEW ENGLAND CORVETTE CARAVAN UPDATE

**2024 Caravan Registration IS OPEN!!!** Registrations to date: **100+**

Note that the National Corvette Museum registration for the 2024 Caravan is separate and will not open until the fall of 2023. If you did not receive a registration form from Randy Flock, go to the 2024 New England Caravan web site and you will find it there. You will also need to register with the NCM which will open one year out in Sept/Oct 2023. (1 year out.) There is nothing posted at this time on the NCM site. The cost is minimal depending on NCM membership or non-membership. Registration with the NCM gets you a name tag/lanyard, dash plaque, pin, participant decal. Badging gets you into seminars, entertainment areas, displays, etc. Registration is limited to 180. As of this update, we have close to 100 registrations. To ensure you are able to participate, send in your registration form as soon as possible. The official 2024 New England Caravan Web site is [www.corvettecaravan.com/new-england/](http://www.corvettecaravan.com/new-england/); and the official 2024 New England Face Book page is <https://www.facebook.com/2024-new-england-covette-caravan-341737302699241/>.

Please contact Larry Goelz for more information about the National Corvette Museum or the New England Corvette Caravan 2024. [lstarrg@comcast.net](mailto:lstarrg@comcast.net)

\*\*\*\*\*

### That Poor Vette

This month's poor Vette was a nice specimen of a 2005 LeMans Blue Corvette with only about 38k on the odometer. The owner brought his Vette to the local Chevy dealer to have some work done. On the day the work was to be completed and his car scheduled to return home... he received the fateful call. Apparently the car had been started while in gear, causing it to lunge backwards into the wall of the shop and bending the open driver's door backwards. For those who may not know – the 2005 had the “feature” on the stick models (thanks Congress) that to get

the car electronics to fully shut down you had to put it into reverse. Seemingly this must have caught one of the mechanics by surprise.... Another mechanic had been partly under the car at the time and was dragged a bit, but thankfully it sounds like only minor injuries were received. The Vette, however, isn't looking so good. The dealer has stated they will try to make it right with the owner, offering to buy the car at pre-accident value or offer trade-in on a newer model.

TPV Submitted by Larry Shields

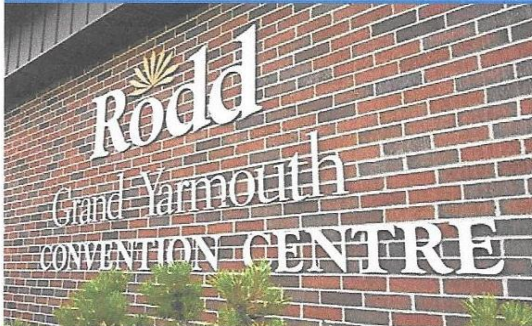

## New England Corvette Caravan 2024 "Meet and Greet"

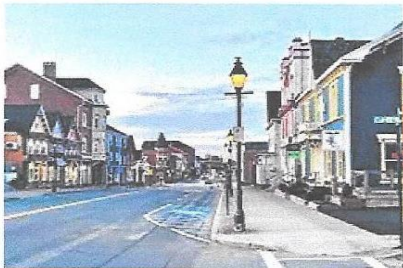

Rodd Grand Yarmouth Convention Center- Yarmouth, Nova Scotia, Canada

## PUBLISHING & ADVERTISING

The next article/ad submission date is **May 20, 2022**

---

Please help by sharing news about trips you've taken, shows you've attended, and suggestions for club activities, as well as technical advice, cleaning tips, or anything else that you feel would be of interest to our members. The club needs your input.

Reports, articles, notices, letters, photos and ads are to be received by the 20<sup>th</sup> of each month for inclusion in the upcoming newsletter. Thank you for helping to make our newsletter interesting and informative.

Contact: Allie DeCampo  
Newsletter Editor
