Happy June everyone!

As we start the month of June, our Corvette season jumps into high gear with many activities to *'get your motor running, head out on the highway, looking for adventure to whatever comes our way.'*

Our Activities Director, Larry G., and the Activities Committee continue to dedicate a great deal of time and effort to planning activities, cruises, and destinations that we hope will appeal to all of our members throughout the 2026 season. One of the most rewarding aspects of their work is seeing strong club participation and enthusiastic turnout at these events. So please join us on many of their upcoming adventures!

Our first **Corvette Cruise Night** at Murphy's Tap Room in Bedford is fast approaching. Join us on Sunday, June 7, from 4:00 PM to 7:00 PM. Arrive early or stay late and enjoy an adult drink, an appetizer and/or dinner at Murphy's, they will be offering specials during our Cruise Nights. So, shine up your Vette, invite your friends, and enjoy a great evening of Corvettes, food, tire-kicking and conversation with fellow Corvette enthusiasts. As we begin an exciting new chapter in Gate City Corvette Club's storied 50-year history, we're hoping for a strong turnout from **YOU** our members to show support for **your club** and help make our first Cruise Night a huge success. Please wear your club shirts and come ready for a fun evening with friends old and new. We look forward to seeing you there!

On **Saturday, June 13**, a celebration of Ellen Osgood's life will be held at **Fulchino Vineyard in Hollis, NH, from 12:00 PM to 4:00 PM**. David and the Osgood family hopes you will join them to remember Ellen and share the memories and moments that made her so special to all of us. Looking forward to seeing you all there on this special day.

Lastly, a reminder of our fall weekend get-away **Sept. 18<sup>th</sup> to 21<sup>st</sup>** staying at the historic and beautiful **Harraseeket Inn** in the heart of **Freeport, Maine**. If you haven't already, please call and make your reservations ASAP so you don't lose out on our discounted rooms. Then check out the event flyer within this newsletter for all the details on our exciting weekend trip!

Till next month, take care.

*Life is Short, enjoy the Ride!*

**Thank you MACMulkin!!!**

Our trip to the annual NCM Bash was terrific, and this year we had the addition of John and Beth Swiniarski who met us in Bowling Green and traveled with us on the return trip. We solved our packing dilemma, enjoyed seeing all the new 2027 C8 models and accessories, taking an E-Ray on the NCM Motorsports track (Figure 1), seeing the Gate City Corvette Club replacement brick in place (Figure 2), and our return trip that had us again running on the 'Back of the Dragon'.

We traveled 3000 miles, had better weather than we expected, and got to spend time with NCM team members including Andrea Bateman, Director of Membership and the Ambassador Program, and the CEO, Bryce Burklow. We also joined Randy Flock as the NCM Caravan New England Region was recognized at the annual NCM Donors Recognition Dinner, for its donation in 2025 (Figure 3).

Again, this month your Activities Team continues working to bring to the club activities that offer something new and interesting or bring back previous activities that were well attended in the past. Again, we had a great participation in the tour of the USS Albacore submarine with lunch at the Red Blazer restaurant. Fourteen club members attended and all had a great time. Moving through the submarine proved to be a challenge for some as the space inside was tight. Thanks to all who attended! Unfortunately, the weather caused us to cancel the planned cruise to Kringle Candle and The Farmers Table (this cruise will be held in October).

Coming up in June we have several activities including our inaugural club Cruise Night on 7 June, Brunch at the Old Salt restaurant, and the Forge and Vine Car Show. Flyers for each have been included in the May newsletter. If you want to join us, please get your RSVP in soon.

From there we have more activities in the works for each month (see the Calendar of Events in each month's Newsletter). A quick look at activities that are in the works and will be offered in the coming months include club picnics in July (at Pembroke, NH) and October (at the Castle in the Clouds), cruise to Quechee, VT in August, Sunapee Dinner Cruise in August, our overnight trip to Maine and the Harraseeket Inn in September Maine Coastal cruise in October, and our end of season cruise for brunch at The Farmers Table in October. Our planning calendar is fluid and is subject to change with items being added, removed, or moved to another date.

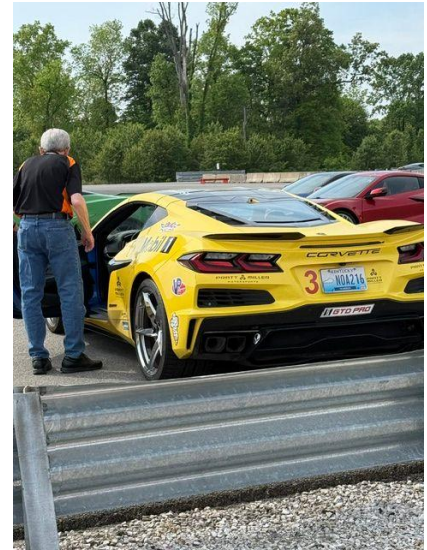

Figure 1 Yours Truly making an entrance

Figure 2 New Shiny Brick, with Date

Just a note that the calendar includes NHMS Laps for Charity events that offer driving your car on the oval course and the road course. Last year club members had a great time participating in these events and I expect more members will want to experience them. They are listed in the calendar in the months of July, August, and September.

As always, we encourage all members to bring to us ideas to add to our events and activities, and we will take them from there.

As there are openings on the Activities Committee, I would like to have everyone consider joining the Activities Committee and getting involved in helping to develop ideas for destinations and roadways that are interesting, laying out routes to destinations, developing skills in leading cruises, and being part of the team.

Here's hoping that we see you join us on the next activity!

## FRIENDLY FACES AND GREAT TIMES IN PORT ST. LUCIE

GCCC South mini meeting in Florida. Paula & Brent Aucoin and Rose Marie & Art Weed met for lunch in Port St. Lucie. Good food and great conversation made for a wonderful time together.

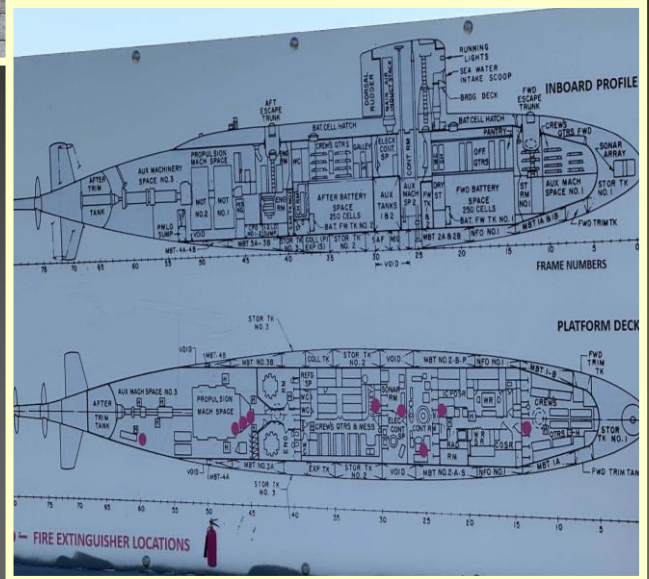

## That Poor Vette

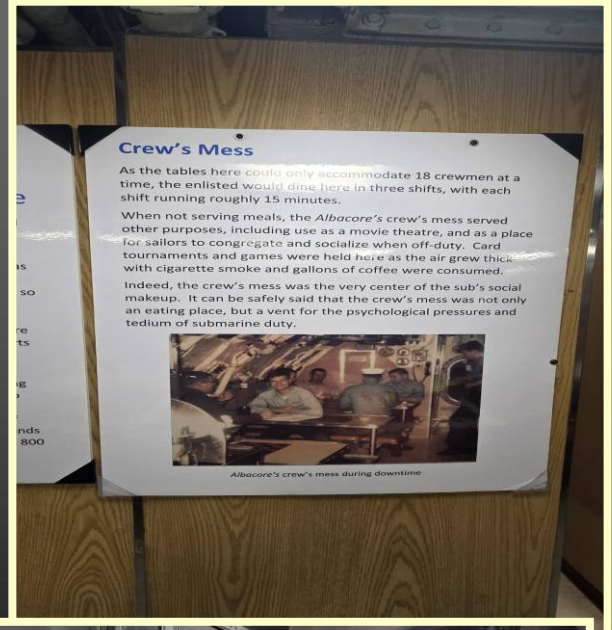

The yellow Vettes often have a challenge with attracting bugs. This poor Vette is a 2014 Velocity Yellow Stingray that just couldn't keep the pests away. Police first pulled the car over after a long chase in Washington state. The car was stolen, and the chase only ended after police executed a PIT maneuver to cause the car to spin out and crash. But this Vette's story

wasn't over. A month later, the police had to respond to the impound lot, because the Vette had been stolen again! Turns out the same guy who stole the car the first time had broken into the lot, cut the gate locks, and then zipped away with the object of his desires! The thief still wasn't the sharpest tack & left plenty of evidence for the police to arrest him again for the 2<sup>nd</sup> theft & regain possession of the car. No word where the poor Vette is now being stored – likely to prevent a 3<sup>rd</sup> attempt...

# Chevrolet 'blows out' 250 candles for American's birthday at Indianapolis

2026-05-24

Chevrolet celebrated America's 250th year with a roaring tribute ahead of the Indianapolis 500. On May 23, against the backdrop of the iconic Indianapolis Motor Speedway, the brand executed a one-of-a-kind birthday celebration featuring the American-assembled<sup>1</sup> Corvette ZR1X to highlight its year-long recognition of America's semi quincentennial.

Behind the wheel of the hypercar was Corvette Senior Controls and Software Engineer Cody Bulkley, who harnessed the unrivaled performance of ZR1X to successfully "blow out" 250 birthday candles on the track.

"Resilience, pride and work ethic of Americans have driven our nation forward for 250 years. For nearly 115 years, Chevrolet has been engrained in America's story," said Scott Bell, vice president of Global Chevrolet. "Corvette has long been a symbol of the American dream, so it is a privilege to celebrate this moment at the Racing Capital of the World by having a Corvette ZR1X blow out 250 candles in a display of power and precision."

The Indy 500 stunt was just one way Chevrolet is celebrating America's 250th birthday. Chevrolet currently has a limited-edition Stars & Steel Collection<sup>2</sup>, a curated lineup of vehicles designed to embody purpose-driven patriotism and American craftsmanship<sup>3</sup>. Chevrolet looked at its own history and brought back "See the USA in your Chevrolet," recognizing that Chevrolet has been woven into the fabric of this country for the last 114 years

For this weekend's 110th running of the Indianapolis 500, the Official Pace Car is a Corvette ZR1X finished in a bold Arctic White and Admiral Blue, a Stars & Steel<sup>2</sup>-inspired, stars-and-stripes design – a symbol that will live in racing history as recognition of this important anniversary.

Throughout the year, Chevrolet will continue to celebrate the country's anniversary, revisiting iconic moments in the brand's history and celebrating the linkage between the country and the brand's heritage.
